

# General Information

## Meeting venue

Chang Gung Memorial Hospital, Linkou  
[Http://www.cgmh.org.tw/](http://www.cgmh.org.tw/)

## Official language

English

## Registration

The registration form could be downloaded from the official website: <https://sites.google.com/site/2011fpr/>

### Registration Fees:

	before August 31, 2011	After September 1, 2011 and On-site registration
Physician	<b>NTD\$16,500</b>	<b>NTD\$20,000</b>
Resident or Fellow*	<b>NTD\$6,500</b>	<b>NTD\$10,000</b>

\* A certificate of Employee record or student card was required for the reduced rate. ( 1 USD = 35NTD )

## Registration Fees and Policies

- Registration fees are effective until August 31, 2011. A late fee of NTD\$3,500 will be added to all registrations received after September 1, 2011.
- In the unlikely event you need to cancel your registration, a full refund (less a NTD\$2,500 processing fee) will be provided. The cancellations must be received in writing, via fax or mail.
- Cancellations received after October 1, 2011 will not receive a refund.

## Important date

**Early bird registration:** August 31, 2011

**On-site Registration:** October 24, 2011

**Welcome reception:** October 24, 2011

**Conference date:** October 25-26, 2011

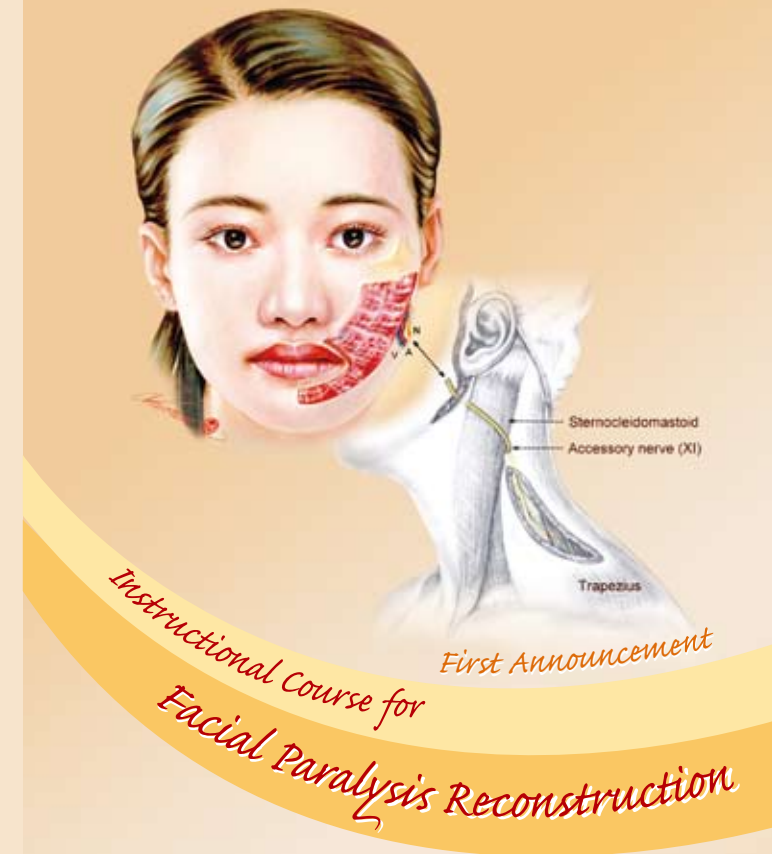

5, Fu-Hsing Street, Kwei-Shan, Taoyuan 333, Taiwan

Fax: 886-3-3972681

Department of Plastic Surgery  
Chang Gung Memorial Hospital

# Welcome Message

Facial paralysis can be a psychological disaster to the affected patients, while facial reanimation still poses a great challenge to the reconstructive microsurgeon. Some controversies related to facial paralysis reconstruction are: (1) One stage vs. two stage reconstruction; (2) The donor muscle selection: temporalis vs. gracilis vs. pectoralis minor muscle vs. others; (3) The neurotizer selection: ipsilateral vs. contralateral facial nerve vs. masseter nerve vs. spinal accessory nerve vs. hypoglossal nerve vs. ipsilateral C7 branch; (4) The placement of the muscle; (5) The tension setting of the transferred muscle et cetera.

The 3<sup>rd</sup> Mayo Clinic & Chang Gung Memorial Hospital Combined Meeting for Reconstructive Microsurgery will be held at the Linkou Chang Gung Memorial Hospital (CGMH), October 28 (Friday) - October 30 (Sunday), 2011. Given this opportunity, the CGMH Microsurgery team will host a two day Pre-Congress Instructional Course for Facial Paralysis Reconstruction on October 25 (Tuesday) and October 26 (Wednesday), 2011. This facial nerve symposium will solely focus on reconstructive microsurgery. There is one day (Thursday, October 27, 2011) without a scheduled program between these two meetings which allows leisure activities.

The course will include live surgery and lectures. Each day has three live surgeries. The first day (Tuesday, October 25) will focus on the classic reconstruction, including (1) 1st Stage Cross-Face Nerve Graft; (2) 2nd stage using gracilis Functioning Free Muscle Transplantation (FFMT), and (3) 2nd stage using pectoralis minor FFMT for facial reanimation. The second day (Wednesday, October 26) will focus on one stage FFMT, using contralateral facial nerve branch, ipsilateral masseter nerve branch, and ipsilateral spinal accessory nerve. Distinguished experts in this field have been invited, including: Dr. Wayne Morrison (Australia, moderator and lecturer), Dr. Ronald Zuker (Canada, moderator and lecturer), Adriaan Grobbelaar (UK, surgeon and lecturer), Dr. Paul J Guelinckx (Belgium, surgeon and lecturer), Dr. Ichiro Tanaka (Japan, surgeon and lecturer) and me (Taiwan, surgeon and lecturer).

Large TV screens will be in place inside the operating rooms and outside in the meeting room. Two eminent moderators will facilitate communication between the surgeons and all course participants.

The live surgery sessions will take place between 08:30 and 15:00. Lectures by all the faculty members will follow in the afternoon. A special "Questions & Answers" panel discussion will be held at the end of the second day. All faculty members will be present.

We cordially invite you to visit Chang Gung Memorial Hospital to participate in this unique meeting which provides a wonderful opportunity to meet and learn from experts in one comprehensive instructional course. Your visit can of course be continued with participation in the Mayo Clinic & CGMH Combined Conference one day after this Instructional Course.

I am very much looking forward to meeting you in Taiwan.

*David C.C. Chuang*  
David Chwei-Chin Chuang  
Course Chairman

**Registration:**  
1400-1700, October 24, 2011

**Welcome reception:**  
18:30, October 24, 2011

## Day 1, October 25

Time	Topic	Operator	Moderator
08:00-08:20	Patient Introduction	Shu-Ying Chang	
08:10~08:30		Coffee Break	
08:30~15:00	Live Surgery Demonstration	Adriaan Grobbelaar (CFNG, FMT) & David Chwei-Chin Chuang (CFNG, FMT)	Wayne Morrison & Ronald Zuker
13:00~14:00		Light lunch	
Time	Special lecture	Speaker	Moderator
15:00-15:30	Introduction	Wayne Morrison	Paul Julien Guelinckx & Ichiro Tanaka
15:30-16:00	Muscle transplantation for facial paralysis reconstruction – Four keys to success	Ronald Zuker	
16:00-16:30	Two-stage FFMT	Adriaan Grobbelaar	
16:30-17:00	Two-stage FFMT	David Chwei-Chin Chuang	
17:00-17:30	Rehabilitation	Shu Jung Yu	
17:30-18:00		Group Photo	
19:00		Banquet	

## Day 2, October 26

Time	Topic	Operator	Moderator
08:00-08:20	Patient Introduction	Shu-Ying Chang	
08:10-08:30		Coffee Break	
08:30-15:00	Live Surgery demonstration	Paul Julien Guelinckx & Ichiro Tanaka & David Chwei-Chin Chuang	Wayne Morrison & Ronald Zuker
13:00~14:00		Light lunch	
Time	Special lecture	Speaker	Moderator
15:00-15:30	One stage FFMT	Paul Julien Guelinckx	Adriaan Grobbelaar & David Chwei-Chin Chuang
15:30-16:00	One stage FFMT	Ichiro Tanaka	
16:00-16:30	One stage FFMT	David Chwei-Chin Chuang	
16:30-17:00	Comments and Conclusion	Wayne Morrison	
17:00-18:00		Light dinner	
18:00-20:00	Q and A	Wayne Morrison Ronald Zuker Adriaan Grobbelaar Paul Julien Guelinckx Ichiro Tanaka David Chwei-Chin Chuang
